

QuikWater Leveler[®]

A&A's Quik Water Leveler automatically controls the water level of your pool. Working 24 hours a day, it's the ultimate convenience in pool care.

The Quik Water Leveler resolves the need to refill your pool with a garden hose. There's no need to worry about overfilling, flooding, or burning out your pool pump. Not only does this ensure the safe maintenance of your pool's system, but also saves your time for the more important things.

The smart, simple way to manage your pool's water level.

- ✓ *Eliminates time wasted on constant pool fill-ups*
- ✓ *Averts backyard flooding due to overfilling*
- ✓ *Prevents expensive pump burnouts that result from low water levels*
- ✓ *Works 24 hours a day*
- ✓ *Injection-molded for increased durability*
- ✓ *Eliminates unsafe and unsightly water hoses*
- ✓ *Available in multiple lid colors*
